RE: Village of Nagog Woods Condominium Treatment Plant

Our records indicate that the Village of Nagog Woods Condominium Treatment Plant which services Unit 172, 172 Split Rock, Acton MA 01720 has been issued a Groundwater Discharge Permit from the Department of Environmental Protection (DEP); and as such is governed by 314 CMR 5 *not* 310 CMR 15 (Title 5). This facility receives an annual permit to operate within the Town of Acton, and their 2025 permit is valid.

Should you require further information, please call the DEP office at 508-792-7650, as they are the primary permitting authority.
